Addendum #4

RE: 84627P0003-Construction Management Services for NYC Parks Citywide

This addendum is hereby issued to amend and clarify the solicitation, including responses to requests for clarification received from prospective proposers.

The proposal due date has been extended to **Tuesday, December 8th, at 2:00 PM.**

Please see the attached list of firms that attended the pre-proposal conference.

Questions and Responses

1. Are we permitted to use subconsultants that are also pursuing this RFP as prime consultants? Can a prime firm also participate as a subconsultant on another team? Are there restrictions on a firm participating on multiple teams?

    - Yes, consultants may use subconsultants that are also pursuing the RFP as prime consultants. There are no restrictions on a firm participating in multiple teams, as either primes or subconsultants. The Agency expects proposers to honor their commitment as a subconsultant and have firm capacity to do so should they choose to participate in this contract in both capacities.

2. Please clarify if the CM will be required to perform materials testing and/or special inspection services under this contract.

    - The CM consultant will not be required to perform material testing and/or special inspection services under this contract.

3. Can you please confirm that front and back covers, title and section divider pages, and the table of contents are not counted toward the page limits in Section IV.A.2?

    - Front and back covers, title and section title pages, and table of contents do not count toward page limits.

4. Could you please confirm whether we need to enter the M/WBE subconsultants and their allocated dollar amounts directly into PASSPort, or if completing and uploading the Schedule B–MSA form is sufficient?

    - Planned M/WBE subconsultants do not need to be entered into PASSPort. Rather, the completed Schedule B–MSA form should be uploaded.

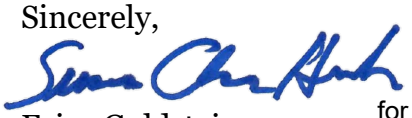

NYC Parks

This concludes the Addendum. Parks expects to issue one more addendum to address outstanding questions.

All other terms and conditions remain unchanged.

Your firm's submission of a proposal is confirmation that you have reviewed and included all addenda.

Sincerely,

for EG

Erica Goldstein
Director of Contracts
